Lack of contrast between font color and background color. Photo backgrounds that overpower the text on top of them.

Det finns en osynlig regel att tjejer och kvinnor ska passa upp på andra (särskilt män). Att vi ska styra grupparbetet, städa efter festen eller hålla samtal igång. Och vara överdrivet trevliga. Som om vi dygnet runt var anställda som servicepersonal. Men varför? Våga vägra serva!
